PROFILE

Student in the digital sciences and computer science program. My profile combines a solid foundation in math, physics, and computer science with quick decision-making, adaptability, and communication skills, developed through assisting in the instruction of sailing groups. Passionate about cybersecurity, I would like to move towards this field which will allow me to put all my acquired skills into practice.

SKILLS

- Quick decision-making
- Adaptability to change
- Programming in C, Python, Ocaml, Ada, with the ability to learn new languages quickly

EXPERIENCE

Assistant Sailing Instructor (FFV)
Wimereux Nautical Club - Wimereux - Seasonal
Animation and assistance in instructing small groups in sailing during the 2022 to 2024 summer seasons.

EDUCATION

09/2026 - Present	Digital Sciences & Computer Science Major ENSEEIHT - Toulouse INP - Toulouse
09/2023 - 06/2026	Preparatory classes for top engineering schools: **Math, Physics, and Computer Science** CPGE - Lycée Faidherbe - Lille
09/2020 - 06/2023	Baccalauréat: Electives in Math, Physics, Computer Science Lycée Edouard Branly - Boulogne-sur-mer - Highest Honors

INTERESTS

- Competitive catamaran sailing for 10 years.
- Participation in computer science CTF (Capture The Flag) competitions for 5 years.
- Recreational running and cycling.
- Playing the Ukulele.
